

Summer Kickoff

Part 2 – See What God Is Doing In You

Study Guide

We live our lives based on what we believe. Those beliefs can become so engrained in us that they become unchangeable. But what if they are wrong? In this study, we are going to discuss the major change in Saul's life and what it may mean for us.

1. Have you ever changed a long-held belief? Why did you do it and what difference did it make?
2. **Read Acts 26:9-14.** In the message we were encouraged to ask “why” we believe what we believe. What do you think this moment was like for Saul? Is there something that you think God may be challenging you to re-think?

“And he said, “Who are you, Lord?” And he said, “I am Jesus, whom you are persecuting.” – Acts 9:5 (ESV)

3. **Read Acts 26:15.** The source of the question “why” makes all the difference in how we respond. Paul made a change because it was clearly Jesus who corrected him. How can we be sure it is God who is leading us to change? If it's not God, what else might it be?
4. **Read Acts 26:16-20.** There's always an action associated with change because truth is dynamic. What was the action for Saul? What do you think God wants you to do and what will doing it take?

“But Paul said, “I am not out of my mind, most excellent Festus, but I am speaking true and rational words.” – Acts 26:25 (ESV)

5. **Read Acts 26:24-29.** People who see the truth help other people find the truth. Is there someone you know who is blinded and isn't seeing the truth? Do you think God wants to use you to show them where to change what they believe? How can you do it?
